Description

TNT 8.5x24 XCEL 10K

[TNT](#) 8.5x24 XCEL 10K. TNT makes nice, enclosed trailers and with the car hauler package added you get some nice standard features. As a result, you have 20FT of level deck with an additional 4FT of dove tail, totaling 24FT. The height is 7FT 5 inches so plenty of head room after you're loaded with a vehicle. In addition, the car carrier package includes drop axles lowering the height of the trailer, all for easier loading of low vehicles. Tandem 5200lb axles and four-wheel electric brakes handle your load with ease.

The interior is a stunner as well with a 24" ATP extension, ceiling liner and ceiling vents. It's rear opening is 92"x72" and the side door is oversize at 48" with a bar lock for added security. The spare tire and wheel are mounted high on the wall, so it certainly does not consume floor space. Backing ability comes with the V-nose, as a result makes it easier to back in tight areas. You will truly love that feature if you're hauling this behind a van or motorhome. There are more features to see on this TNT 8.5x24 XCEL 10K so come see it for yourself!
