Description

TNT 8.5x20 V-Nose10K DLX

[TNT by Mirage](#) is known as a well-built snowmobile trailer manufacturer. They branched out many years ago into all size and optioned trailers and consequently make a very nice product. First of all, this TNT 8.5x20 V-Nose10K DLX has tandem 5200LB torsion axles and brakes on all wheels. Due to these features, you have plenty of capacity, ride and stopping power. Furthermore, it's equipped with the car carrier package which includes a dovetail and dropped axles. This makes it much easier to load low vehicles. Finally, additional features include 7ft interior height, dome lights, wall mounted spare and ramp extension. With bonded sides and plenty of bright polished aluminum diamond plate this trailer looks as good as it hauls. A compact enclosed vehicle or cargo hauler with many options, come see for yourself!
