Description

This Pace Pursuit 24FT is loaded!
[Pace](#) Pursuit 24FT Race. Setup on their Pursuit platform this Pace Pursuit 24FT Race is loaded and looks awesome! Firstly, a 24FT long box, 8.5FT wide and 7FT 4 inches interior height. Secondly, the rear opening is 96 inches wide, and the side door opening is large with 48" door. Thirdly, tandem 5,200LB pound axles, brakes on all wheels and a 5FT three bar A-frame tongue means you have all the grit you need! Finally, because the bright white aluminum exterior walls and

black aluminum wheels were added, it makes the exterior look sharp!

Interior Features:

With silver aluminum insulated interior side walls and ceiling you will be comfortable while looking good. Aside from looks, the 3FT charcoal grey wall guard keeps scuff marks off the wall. Floor covering is black coin rubber with below floor spare tire storage with matching spare tire & wheel. Storage consists of upper and lower cabinets with a smooth countertop for the work bench area. Interior lighting consists of white LED lighting and a light over the work bench.

Exterior Features:

It's longer rear ramp with a 3FT ramp extension means loading low vehicles into this trailer is easy. In addition, nighttime loading is no problem with a 12-inch steel rear spoiler that includes 2 LED load lights. Working outside, two exterior LED scene lights illuminate the passenger side work area. Another lighting feature is the LED side surface mounted back-up lights; they are a huge advantage when backing in the dark. Due to the lighting and receptacles, you have plenty of power with a 50-amp AC/DC electrical panel, DC converter and electrical receptacles located inside and out. Many more features exist when you checkout this beauty. Above all you must see this trailer in person!
