- Insulated Wire Harness	- DOT Approved Lighting	

Description

Texas Bragg 5x8 Ramp

[Texas Bragg](#) started building trailers 39 years ago and their experience shows through on every build. This Texas Bragg 5x8 Ramp has a 3K pound axle with plenty of rigidity and extra support built in. Yes, it's not a big trailer with many options but there's no need for that, only a strong purpose-built trailer. Extra pipe support to the A-frame tongue, 2K pound jack and sturdy construction all around are evidence of strength. You won't be disappointed when you come to see this one for yourself!
