## Description

### TNT/Mirage 6x12 V-Nose 7K Ramp

[TNT](#) makes a great quality trailer, well-built and durable with some nice standard features. They started with snowmobile trailers and branched out into all size and optioned trailers. Consequently, this TNT/Mirage 7x14 V-Nose 7K Ramp has tandem 3500LB axles with brakes on all wheels giving you capacity and braking needed. Above all it has extras that many trailers don't come with, like heavy duty bar locks on even the side door. It has LED lights and an interior dome light as well. The rear ramp makes loading wheeled and other cargo easy as well.

Even more let's not forget that the V-Nose option doesn't just give you more room but also increases maneuverability. You will appreciate this feature when backing in tight areas, especially when you're hauling this behind a van or motorhome. Finally, they didn't forget about making this trailer look good. The polished diamond plate brightwork all around makes this trailer standout! Come see this trailer for yourself, you won't be disappointed!
