Description

TNT 5x10 Ramp

[TNT](#) began with snowmobile trailers but years later make all sizes including this little gem. She's little but can handle a good amount of cargo. Many 5x10's don't have a side door, but this one does which eases loading this TNT 5x10 Ramp. The ramp door on the rear also makes it easy to load wheeled or non-wheeled cargo. Finally, it has LED lights and tons of brightwork like polished diamond plate on the lower edge, rock guard and fenders. It has plenty of room and will look good doing it!
