Description

Snake River 16ft Full Tilt
[Snake River Trailers](#) are very well known for their strength, durability and options. Most of this comes from using only quality materials and workers who provide quality building practices. Therefore, this Snake River 16ft Full Tilt is a prime example of those facts. With tandem 7,000LB axles (15.4K), brakes on all wheels this trailer will easily handle your equipment load. Above all features abound with structurally well-built but easy to use tilt bed function with grates on the dove tail. As a result, when loading or unloading equipment you can assure limited slippage of tracks or wheels. In conclusion, additional options are heavy duty tie downs and a drop leg jack, you're ready to work! If this is what you're in the market for, you will love how this trailer is built.

[Our customers love our service, see why you will too!](#)

Trailers may be shown with optional or discontinued equipment. Features, options, and packages are subject to change without notice.
