Description

Texas Bragg 16LP SP/TG

Texas Bragg 16LP SP/TG. [Texas Bragg](#) has been building high quality utility and equipment trailers for 39 years. This Texas Bragg 16LP SP/TG can haul a variety of cargo, equipment or off-road toys. It's split tailgate (SP/TG) feature is one you don't see often but provides benefits not usually thought of. First of all, it provides extra strength while splitting up the weight of the extra metal used to support heavy objects. Next, when loading cargo items, at times you want one gate down while the other supports already loaded cargo. Finally, the ramp being split in half means less weight when lowering or lifting the gates. This is a well-made, strong and therefore durable trailer that will give you years of worry-free service. Come see for yourself and if this is what you're in the market for, you'll love it!

[Check out the quality service, knowledge and selection](#) you will get when shopping at Golden West Trailer Sales!
